Part III REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: The prior art of record does not teach, disclose, or suggest the claimed limitations of (in combination with all other limitations in the claim), a multiple print engine for printing one or more copies of a multiple page document as a single multiple page print job comprising a job distributor having a single RIP engine for receiving the multiple page document and generating rasterized page data and providing the rasterized page data organized for parallel distribution by the job distributor to inputs of selected ones of the plural print engines according to print job parameters associated with and recovered from the rasterized page data as claimed in claim 5. Similar features are claimed in claim 18. Therefore, claim 18 is allowable over the prior art of record for the same reasons.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
